HOUSEHOLD ELECTRONIC WASTE COLLECTION DAY INFORMATION

DETAILS

This event is **FREE** to Phelps Town & Village Residents ONLY.

Only residentially generated electronics will be accepted.

No business electronic waste will be accepted.

Proof of Residency will be **REQUIRED**.

What is E-Waste?

E-Waste is the disposal of electronics products. Improper disposal affects human and environmental health because many of these products contain toxic substances.

Improper disposal could be dumping your old analog TV in a field by your house, in a landfill, parking lot or a recycling manufacturer illegally shipping it overseas. The key to remember is that improper disposal could cause a harmful impact that affects your backyard.

The impact of E-Waste regarding televisions sped up by the digital transition because of the many individuals and businesses that replaced analog TVs with digital models.
